It is hereby notified that the PSTCL is undertaking and executing the sanctioned scheme and shall have the powers for placing of any Wires, Poles, Stays, Apparatus and Appliances for the Transmission and Distribution of Electricity or for Transmission of telegraphic or telephonic communications necessary for proper coordination of the works of PSTCL for the areas indicated above for which the Telegraph Authority possess under Part-III of the Telegraphs Act. 1885 (13 of 1885) in respect of telegraphs established or maintained and the provisions of section 12 to 16, 18 and 19 of the Indian Electricity Act 1910 shall not apply to the same and therefore no separate notice of the scheme of PSTCL is required to be given.

This notification has been issued with reference to the relevant clauses of Indian Electricity Act 1910 alongwith latest statutory amendments, modifications, upto date over riding enactments if any and the provisions made under Section 164 of the Indian Electricity Act 2003 and Govt. of Punjab, Deptt. of Power Endst. No. 11/95/2011-PE 3/2344 dated 28.06.2011 wherein powers of Telegraph Authority under part-III of the Indian Telegraph Act, 1885 (13 of 1885) have been decided to be conferred and exercised on PSTCL. Notice is hereby given that any person may raise objections if any/and or make any suggestions against the above scheme/transmission works within two month of issue of this notification. Thereafter no objections and or suggestions will be entertained and all schemes/transmission works will be deemed to be sanctioned with or without modifications as approved by the PSTCL. Necessary plans showing the tentative route of the Transmission Lines may be seen on any working day in the office of Dy. CE/TLSC Circle, PSTCL, Patiala. Objections and/or suggestions in respect of the above schemes if any should be sent to the undersigned.

Benefits of the above Scheme:-

The above works have been planned to augment/add 400KV/220KV/132KV transmission network in the State of Punjab so as to ensure quality and uninterrupted power supply to all types of existing/prospective electricity consumers of the State and are urgently required.
